Project Description

Funding Level: \$1,521,006

Grace Hill Neighborhood Health Centers, Inc. has been providing innovative and comprehensive preventive and primary care to underserved communities of St. Louis since 1906. Services are provided through six community health centers located in inner city neighborhoods covering 45 census tracts in the City of St. Louis and St. Charles County. Since 1987, Grace Hill has administered the Health Services to the Homeless program through which almost 9,000 homeless men, women and children receive comprehensive medical, dental, and substance abuse services each year.

SERVICES

Services provided directly from Grace Hill through its six sites include primary medical and dental care, optometry, case management, pharmacy, and transportation. Grace Hill also contracts with St. Louis County Department of Health and three other community health centers to provide primary care, pharmacy, and case management services, and with the Salvation Army Harbor Light Center for substance abuse and detox services.

LINKAGES

Grace Hill has developed linkages with several other agencies including nearly 30 homeless shelters, other health and specialty care providers, schools, and neighborhood organizations.

2001 STATISTICS

Estimated homeless population: 20,000. Project users: 8,764.

Medical Director: Otis Latimer, MD

UDS Number: 070270

Project Description

Funding Level: \$1,634,166

The Health Care for the Homeless program provides holistic health care to homeless individuals.

SERVICES

Swope Parkway Health Center, both a community health center and a mental health center, provides comprehensive health services including primary health care, HIV-related services, dental and vision services, substance abuse services, case management, outreach and mental health care to homeless individuals and families. A fully-equipped and staffed mobile medical van provides services at emergency shelter sites, soup kitchens, and streets. Outreach, education and referrals are also provided.

LINKAGES

Through a Homeless Services Coalition (of which Swope Parkway's HCH social worker is chair), the program is linked to all community service providers in the area.

2001 STATISTICS

Estimated homeless population: 20,000. Project users: 6,770.
